

MIDDLETON STOP PUMPING STATION

KING'S LYNN, NORFOLK PE32 1EZ

SCOPE OF WORK

VariBlast were contracted by the Water Management Alliance to carry out works on the Middleton Stop Pumping Station, in order to prepare and redecorate 295m² of external steel sheet piling, within the two intake chambers.

All areas were dry blast cleaned to a preparation level of Sa 2.5, prior to the application of a new Sherwin Williams paint system, applied using the airless spray pump application method.
