

WAREHOUSE BUILDING NO.582

RAF MILDENHALL, SUFFOLK IP28 8NF

SCOPE OF WORK

VariBlast were contracted by Morgan Sindall plc to carry out lead paint removal works within the roof structure and supporting columns of a 3000m² WW2 Aircraft Hangar at the RAF Mildenhall airbase in Suffolk.

The works included dry blasting all structural steel work back to an Sa2.5 (white metal) preparation standard, followed by the application of a two coat twin epoxy International Paints coating system.

All works were carried out via MEWP access equipment.
